As per decision of the Sample Advisory Body meeting you have to maintain the following in packing of samples:-

- Butter paper packet for packing samples
- Single packet in each category(Large,medium and small) of samples
- Minimum length of packets should be 5 inch for allowing more space in the mouth portion to facilitate easy tearing of packets.

Please draw the samples according to the above schedule and distribute the samples to the eligible members as per Circular No. 04/2015 dated 12th May, 2015 attached hereto.

Thanking You,

Yours faithfully,

sd/-
 Secretary
